Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The sentence spanning lines 10-12 of page 1 of the specification was amended as follows:

This application is a continuation of U. S. Patent Application No. 09/759,755 filed on January 12, 2001 (now abandoned), the contents of which are hereby incorporated by reference in their entirety.

Information Disclosure Statement

2. The IDS filed December 19, 2003 contains a PTO-891 that was mailed by the USPTO during prosecution of parent application 09/759,755. The information listed in that form has been considered in the instant application. However, this is not a proper form 1449. The references cited therein have been cited again in the attached PTO-891.

Allowable Subject Matter

3. Claims 1 and 40-42 are allowed.

Art Unit: 1638

4. The following is an examiner's statement of reasons for allowance: Applicants have developed an inbred maize variety, designated "PH7JD", seed of which has been deposited with the ATCC in compliance with 37 CFR 1.801-1.809. In response to a request for information under 37 CFR 1.105, Applicants indicated that PH7JD was made using the pedigree selection method, from an initial cross of parental maize lines PHP02 and PH06N, followed by selfing for 6 generations. The parental lines were disclosed in U.S. Patent Nos. 5,082,992 and 5,675,066, respectively (response filed September 11, 2006, page 2). However, the prior art does not teach or fairly suggest particularly crossing the parental lines and following Applicants' methods to arrive to variety PH7JD.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
